

We do one session per week, while we allow our site to grow and flourish—year 1 and 3 will attend Forest School in the autumn and spring term. Year 6 children who do not attend residential also take part in forest school while their peers are away.

Our Forest School sessions take place on our own newly developed site at the back of the Abbey Fields playing field.

Children have opportunities to investigate the outdoor environment, learn about plants and animals that live in our wood, use tools, light fires, build dens and use rope bridges and swings.
